Trusted by Homeowners, Contractors & Developers

All Canadian Bin Rentals & Mini Excavation proudly serves Central Vancouver Island with reliable, affordable, and customer-focused solutions. Locally owned and operated, we've built our reputation on dependable service, transparent communication, and hard work you can trust. Whether it's a spring cleanup, renovation project, or large-scale construction site, our 15 and 20 yard bins make debris and waste removal simple and stress-free. We're proud to support homeowners, contractors, and businesses throughout Parksville, Qualicum Beach, NanOOSE Bay, Nanaimo, and surrounding communities.

Beyond bin rentals, our experienced operators specialize in mini excavation for tight or hard-to-reach spaces. We also provide skid steer services for efficient material moving, grading, and site preparation, making it easy to handle both large open areas and tight-access projects. From trenching, grading, and site prep to small-scale demolition, our team delivers safe, efficient results with the right equipment for the job. We also offer utility locating to protect underground services and ensure every project is completed with precision and peace of mind. At All Canadian, we stand behind our work with a commitment to honesty, safety, and respect - making us the trusted partner to help you get your projects done right.

Licensed & Insured

Fully certified and insured for safe, compliant excavation you can trust.

Customer First Approach

We prioritize clear communication, fast response times & client satisfaction.

Clean Site Guarantee

We leave your site clean and ready for the next phase - every time.

Full-Service Support

From scanning to clean-up, we handle everything so you don't have to.

Bin Rentals We offer 15 and 20-yard bin rentals - ideal for everything from junk removal and renovation debris to construction waste and land clearing materials. Delivered right to your site and picked up when you're done.

- ✓ **15-Yard Bin:** Great for smaller renovations, roofing jobs, or tight spaces.
- ✓ **20-Yard Bin:** Perfect for mid-sized projects, including spring cleanups, landscaping debris, or bulky item disposal.

Mini Excavation & Skid Steer For projects in tight or hard-to-reach spaces, our mini excavation services deliver safe, efficient results. From trenching and grading to site prep and small-scale demolition, our skilled operators and equipment make the job easier. We also provide utility locating to prevent damage to underground gas lines, power cables, and water pipes.

Utility Locating Once the ground is cleared and marked, our team gets to work with professional-grade mini excavators designed to provide clean, controlled digging for any job - landscaping, land clearing, concrete breaking, trenching and more.

We excavate with care and accuracy, following your site-specific needs while minimizing disruption to surrounding areas.

Debris Removal & Material Delivery After the excavation and earth moving is complete, we take care of site cleanup.

With our dump trailer hauling services, we can remove soil, debris, rocks, and unwanted materials so you're not left with a pile of dirt or a cluttered site.

What our clients are saying...

All Canadian was awesome. They showed up when they said they would, completed the excavation quickly and efficiently and then took some time to take down a problem tree that was right next to a building. Pricing was more than fair. I highly recommend them. -MJ

Amazing job by Andrew at All Canadian. He showed up on time with high quality equipment. The job was done cleanly and efficiently. I would highly recommend. -BB

Andrew was a pleasure to work with. I was under considerable time constraints and he was able to make it work. He was prompt, his quote was accurate and he was on-site when he said he would be. I'd definitely use him again and would highly recommend him to my friends. -SR

Excellent and fast clear communication, bin drop off and pick up smooth. Saved us with a huge amount of yard waste pick up. Definitely will use again. -TM

All I can say is from first contacting Andrew regarding a bin we needed at our strata, the service and communication was top shelf. Highly recommended. Thank You. -GT
